Overview

Reliv established the Reliv Kalogris Foundation in 1995 as a non-profit, 501(c)(3) charitable organization in honor of the late Dr. Theodore "Ted" Kalogris who created the nutritional formula that would become Reliv Classic®, the company's original product.

"Be ashamed to die until you have scored a victory for mankind," Dr. Ted's father advised him when he was still a young man, a motto that inspired Dr. Ted to start on a mission to help combat hunger. Dr. Ted's passion, combined with Reliv Chairman, President and CEO Robert Montgomery's vision, launched Reliv's mission to nourish our world.

Feeding Centers

Today, the Reliv Kalogris Foundation operates more than 270 feeding centers providing vital nutrition to more than 42,000 impoverished children and adults in 10 countries. Since its founding, the Reliv Kalogris Foundation has distributed more than \$26 million in nutritional support.
