## Classic Beginnings

Pioneering microbiologist Dr. Theodore Kalogris ("Dr. Ted") spent more than a decade developing a special nutritional blend which would become the foundation for Reliv Classic.

Soon after Reliv was launched in 1988, renowned food scientist and soy expert Dr. Carl Hastings joined the company and worked with Dr. Ted to fine-tune the formula. The duo produced a bioavailable shake with the most complete balance of herbs, vitamins and amino acids. After more than 20 years, Reliv Classic remains one of the world's premier nutritional supplements.
