

RLV Hemp Extracts

Help your body restore itself naturally.

CBD and phytocannabinoids “re-excite” your Endocannabinoid System (ECS) to naturally support good health.

It Helps Support Healthy Aging and Healthy Cells

- Protect against the harmful effects of stress and pathogens
- Support your cellular health and immune health year round

It Helps Manage Stress

Support or maintain:

- Feelings of calm and focus
- Management of everyday stress
- Improved mood

It Helps Support Sleep

- Promotes healthy sleep cycles
- Promotes a restful night’s sleep

It Helps Address Discomfort

- Cannabinoids from hemp extract interact with your ECS by exciting the CB1 and CB2 receptors into their natural functions
- Helps ease discomfort and promotes the healing process
- Promotes rapid recovery and reduces inflammation related to exercise and activity
