## Classic Beginnings

Pioneering microbiologist **Dr. Theodore Kalogris** ("Dr. Ted") spent more than a decade developing a special nutritional blend which would become the foundation for Reliv Classic.

Soon after Reliv was launched in 1988, renowned food scientist and soy expert **Dr. Carl Hastings** joined the company and worked with Dr. Ted to fine-tune the formula. The duo produced a bio-available shake with the most complete balance of herbs, vitamins and amino acids. After more than 25 years, Reliv Classic remains one of the world's premier nutritional supplements.
