Independent Auditor's Report

Board of Directors
Reliv Kalogris Foundation
Chesterfield, Missouri

We have audited the accompanying financial statements of *Reliv Kalogris Foundation* (the Foundation) (a Non-Profit Organization), which comprise the statement of cash receipts and cash disbursements and statement of functional expenses for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting as described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2020 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash receipts and cash disbursements of Reliv Kalogris Foundation for the year ended December 31, 2020, in accordance with the cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Prior Period Financial Statements

The financial statements as of December 31, 2019, were audited by Mueller Prost, LC, who combined practices with Wipfli, LLP as of June 1, 2021, and whose report dated August 5, 2020, expressed an unmodified opinion on those statements.

A handwritten signature in black ink that reads "Wipfli LLP". The signature is written in a cursive, flowing style.

Reliv Kalogris Foundation

Notes to Financial Statements

1. Nature and Purpose of the Organization

The Reliv Kalogris Foundation (the Foundation) (formerly Kalogris Foundation) is an Illinois not-for-profit corporation and registered in all states in which it conducts business. The Internal Revenue Service has issued a ruling that the Foundation is a Section 501(c)(3) charitable organization and qualifies as a public charity under Section 509(a)(1) of the Internal Revenue Code. As such, it is exempt from federal income taxation on related income.

It is the mission of the Foundation to provide needy individuals (the indigent and victims of natural disasters) with nutritional products. This mission is accomplished through gifts of nutritional products directly to needy individuals as well as food banks, homeless shelters, rehabilitation centers, and disaster relief groups in the United States and selected foreign countries. The Foundation's goal is to *Nourish our World* through the delivery of its nutritional products to the needy.

The Foundation is sponsored by Reliv International, Inc. (Reliv), a for-profit corporation which is headquartered in Chesterfield, Missouri. Reliv conducts its operations and sells its products through an international network marketing system using independent distributors. The Foundation's primary source of revenue is donations from Reliv's independent distributors. Fundraising revenue is from events held by Reliv independent distributors.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the cash basis of accounting. Under this methodology, revenue and expenses are recorded when cash is received or paid by the Foundation. This method differs from the accrual basis of accounting under U.S. generally accepted accounting principles in which revenue and expenses are recognized in the financial statements when earned or incurred. Also, under the cash basis of accounting, non-cash contributions are not recognized. Accordingly, the accompanying financial statements are not intended to present the financial position or results of operations in conformity with U.S. generally accepted accounting principles.

Cash Equivalents

Cash and cash equivalents include bank demand deposits and certificates of deposit funds with a maturity date of one year or less when purchased.

Reliv Kalogris Foundation Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Foreign Currency Translation

The Foundation's reporting currency for its financial statements is the United States dollar. The Foundation also receives donations and makes expenditures in foreign currencies. In these instances, transaction amounts are translated using the transaction's actual currency exchange rate or the month-end currency exchange rate incurred upon settlement of the transaction. The exchange transactions are completed by Reliv on behalf of the Foundation before the cash is transferred to the Foundation.

Functional Expenses

The costs of the Foundation's programs and supporting services have been reported on a functional basis. This requires allocation of certain costs among the various programs and supporting services based on estimates made by management. Expenses which directly benefit programs, management and general, or fundraising are charged to the respective functional area on the basis of actual costs. Other expenses are charged and allocated to program, management and general, and fundraising based on an appropriate allocation method that would include expenses in the following categories: program managers' stipend, which are allocated on estimates of time and effort. Management and general expenses include those expenses that are not directly identifiable with any other specific function or program, but provide for the overall support and mission of the Foundation.

Program Services

Program services costs primarily consist of the Foundation's expenditures to purchase and distribute nutritional products to the needy in the United States and selected foreign countries. In certain impoverished foreign country locations, the Foundation has developed "nutrition programs" which serve as a central location for the needy to receive his or her daily serving of nutrition. In these instances, the Foundation may also pay a stipend to a local country-based independent contractor who coordinates the local nutrition program on its behalf.

Restricted Funds

Contributions received are recorded as increases in cash with donor restrictions or cash without donor restrictions, depending on the existence and/or nature of any donor restrictions. There were no contributions with donor restrictions received in the years ended December 31, 2020 and 2019. The Foundation has not received any donations with donor restrictions that were perpetual in nature.

Reliv Kalogris Foundation
Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. Therefore, there are no provisions for income taxes reflected in these financial statements. Management does not believe there are any uncertain tax positions as of December 31, 2020 and 2019, including consideration of unrelated business income tax. There were no unrecognized tax benefits identified or recorded as liabilities for the years ended December 31, 2020 and 2019.

The Foundation's information returns, for the years ending 2020, 2019, and 2018 are subject to examination by the IRS, generally for three years after they were filed.

3. Liquidity and Availability

The following reflects the organization's financial assets as of the statements of cash receipts and cash disbursements dates, reduced by amounts not available for general use because of donor-imposed restrictions within one year of the statements of cash receipts and cash disbursements dates.

	<u>2020</u>	<u>2019</u>
Financial assets, at December 31:	\$ 387,106	\$ 471,826
Less those unavailable for general expenditures with one year	<u>-</u>	<u>-</u>
Financial assets available to meet cash needs for general expenditures within one year	\$ <u>387,106</u>	\$ <u>417,826</u>

The Foundation primarily receives support without donor restrictions; such support has historically represented approximately 85% of annual program funding needs, with the remainder funded by cash reserves. The Foundation also uses an immaterial amount of investment income without donor restrictions.

The Foundation considers investment income without donor restrictions and contributions without donor restrictions for use in the current program which is ongoing, major, and central to its annual operations to be available to meet cash needs for general cash disbursements. General cash disbursements include administrative and general expenses, fundraising expenses and program commitments expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

The Foundation manages its cash available to meet general cash disbursements following two guiding principles:

- Operating within a prudent range of financial soundness and stability, and
- Maintaining adequate liquid assets

Reliv Kalogris Foundation Notes to Financial Statements

3. Liquidity and Availability (continued)

The Foundation's board meets annually to review and approve budgeted amounts of cash disbursements for the following year. Due to this timing, the Foundation strives to maintain financial assets available to meet general cash disbursements at a level that represents 100% of annual disbursements for general and administrative and fundraising expenses plus an amount that represents the next expected payment for program disbursements, which typically represents approximately 60% of the expected annual cash needs.

4. Related Party Transactions

As stated in Note 1, the Foundation's primary source of revenue is donations received from Reliv's independent distributors. Donations received from Reliv and its employees as well as proceeds from fundraising events held by the Foundation and Reliv's independent distributors comprise the remainder of the Foundation's non-interest revenue.

The Foundation also receives support from Reliv consisting of the free use of Reliv's office facilities, office equipment, and overall general and administrative office support. Reliv also bears the total compensation costs of the Foundation's two full-time employees in the United States as well as other Reliv employees who, from time to time, assist with the Foundation's operations.

In 2012, an individual who previously provided Haiti region program consulting services directly to the Foundation was hired as a part-time Reliv employee to continue this work. The Foundation reimburses Reliv for the compensation costs for this individual.

To provide its program services, the Foundation purchases nutritional products from Reliv. The purchases are valued at Reliv's cost to purchase and distribute the product. The Foundation determines the nature, timing, and distribution of all nutritional products purchased from Reliv and delivered to its recipients. For 2020 and 2019, payments to Reliv by the Foundation for products totaled \$486,081 and \$660,120, respectively.

5. Significant Funders

The Foundation primarily solicits donations from the general public through Reliv's independent distributors. As a result, the Foundation is fully dependent upon the continued existence of Reliv and Reliv's independent distributors for cash donations, donated human resources and services, and the Foundation's purchase of nutritional products at amounts less than fair market value.

Reliv Kalogris Foundation Notes to Financial Statements

6. Contingencies

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result of the COVID-19 outbreak, economic uncertainties have arisen. The COVID-19 outbreak has resulted in the temporary reduction of program operations where government mandated. The extent and impact of COVID-19 on the Foundation's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on the Foundation's donors and grantors, employees, and vendors, all of which are uncertain and cannot be predicted. At the current time, the potential effects of this pandemic on the Foundation's financial statements remain unknown.

7. Subsequent Events

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available for issuance.
